

MomSpace™

Supporting moms in the
workspace

With MomSpace™ Pods, we strive to create a supportive and inclusive space for moms at work, empowering them to embrace their nurturing instincts while ensuring their privacy is respected.

A better way to make your day, productive!

Differentiators

COOL+COMFORTABLE

QuietFlow™

Our proprietary QuietFlow™ system is designed to keep you cool by quietly circulating the air inside the booth while ensuring sound doesn't escape.

The design of the Spaceworx QuietFlow™ airflow system allows the fresh air to flow in smoothly, powered by energy-efficient fans, and forcing stale air out through strategically positioned exhaust vents, ensuring that a proper balance oxygen level is maintained throughout the pod.

CLEAN+QUIET

Reducing Decibels

Three Layers of soundproofing material with hygienic water resistant vinyl keeps the booth both quiet and sanitary... empowering the mother to provide for her baby in comfort and quiet.

Differentiators

MODULAR+COMPLIANT

FireShield™ System (Optional)

FireShield™ (Patent Pending) is heat-activated fire suppression technology available in all our Pods, ensuring fire codes are met while maintaining modularity and flexibility to relocate units.

PRIVATE+PRODUCTIVE

Necessities for Pumping (Optional)

Plumbing free sink, electrical outlets, shelf, and mini fridge all located within easy reach simplify pumping at work for moms.
