

## **Decibel® Conference**

### The huddle room reimaged

The largest pod of them all, the Decibel® Conference Pod is the size of 2 Decibel® Double booths, designed for 6-8 users. Its modular design makes it a quick and easy alternative to building out conference rooms and provides superior acoustics and privacy for meetings.

A better way to make your day, productive!

## Differentiators

### KEEPING YOU COOL

## QuietFlow™

Our proprietary QuietFlow™ system is designed to keep you cool by quietly circulating the air inside the booth while ensuring sound doesn't escape.

The design of the Spaceworx QuietFlow™ airflow system allows the fresh air to flow in smoothly, powered by energy-efficient fans, and forcing stale air out through strategically positioned exhaust vents, ensuring that a proper balance oxygen level is maintained throughout the pod.

### QUIETWORX™ ACOUSTICS

## Reducing Decibels

Three layers of soundproofing material removes all distractions, giving everyone in the office a moment of peace.

## Technical Specifications

- (2x or 3x the Decibel Double Pod)
- **Exterior:** 85"H x 86"W x 93"D\*
- **Interior:** 82"H x 82"W x 88"D\*
- **Door:** 36" x 80" RH or LH
- **Weight:** Approx 1800 lbs
- **Power:** 6-8ft Power cord for Standard 110-120v outlet plug  
3500- 4500k LED lighting
- **Light switch for lighting & ventilation (motion sensor optional)**
- **Quietflow™ Ventilation (2 fans)**
- **Power Outlet & USB ports.**  
Optional data port
- **Passage latching door handle (optional locking handle)**
