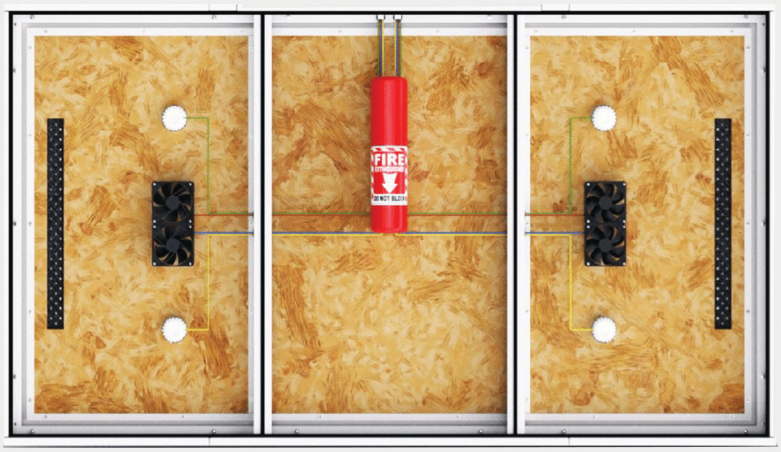
SPACEWORX®

Decibel® Double

Escape the open office

The bigger brother to the Decibel® Single acoustical office phone booth. All of the extra space makes it ideal for meetings and work sessions for up to four users. It retains all the comforts, equipment, and sound attenuation that the Single booth is renowned for!

Differentiators



KEEPING YOU COOL

QuietFlow™

Our proprietary QuietFlow™ system is designed to keep you cool by quietly circulating the air inside the booth whilemaintaining acoustical privacy.

The design of the Spaceworx QuietFlow™ airflow system allows the fresh air to flow in smoothly, powered by energy-efficient fans, and forcing stale air out through strategically positioned exhaust vents, ensuring that a proper balance oxygen level is maintained throughout the pod.

REDUCING DECIBELS

QuietWorx™ Acoustics

Three layers of soundproofing material removes all distractions, giving everyone in the office a moment of peace.
