

Decibel® Conference

The huddle room reimaged

The largest pod of them all, the Decibel® Conference Pod is the size of 2 Decibel® Double booths, designed for 6-8 users. Its modular design makes it a quick and easy alternative to building out conference rooms and provides superior acoustics and privacy for meetings.

Differentiators

KEEPING YOU COOL

QuietFlow™

Our proprietary QuietFlow™ system is designed to keep you cool by quietly circulating the air inside the booth while ensuring sound doesn't escape.

The design of the Spaceworx QuietFlow™ airflow system allows the fresh air to flow in smoothly, powered by energy-efficient fans, and forcing stale air out through strategically positioned exhaust vents, ensuring that a proper balance oxygen level is maintained throughout the pod.

REDUCING DECIBELS

QuietWorx™ Acoustics

Three layers of soundproofing material removes all distractions, giving everyone in the office a moment of peace.

Technical Specifications

- (2x or 3x the Decibel Double Pod)
- **Exterior:** 85"H x 87"W x 94"D*
- **Interior:** 79"H x 82"W x 89"D*
- **Door:** 80"H x 36"W RH or LH
- **Weight:** Approx 1800 lbs
- **Power:** 6-8ft Power cord for Standard 110-120v outlet plug
3500- 4500k LED lighting
- **Light switch for lighting & ventilation** (motion sensor optional)
