

## Decibel® Single

### Feed your focus

Decibel® Single phone booth is an oasis in the open office environment. It's perfect for making phone calls, video conferencing, or performing focused tasks. Integrated LED lighting and Quietflow™ ventilation make it as comfortable, as it is quiet.

## Differentiators

### KEEPING YOU COOL

## QuietFlow™

Our proprietary QuietFlow™ system is designed to keep you cool by quietly circulating the air inside the booth while ensuring sound doesn't escape.

The design of the Spaceworx QuietFlow™ airflow system allows the fresh air to flow in smoothly, powered by energy-efficient fans, and forcing stale air out through strategically positioned exhaust vents, ensuring that a proper balance oxygen level is maintained throughout the pod.

### REDUCING DECIBELS

## QuietWorx™ Acoustics

Three layers of soundproofing material removes all distractions, giving everyone in the office a moment of peace.

## Technical Specifications

- **Exterior:** 85"H x 41"W x 40"D\*
- **Interior:** 79"H x 36"W x 36"D\*
