

# MomSpace Plumbing Free Sink by Spaceworx

Pumping privacy made easy

## Peace of Mind for Working Moms

The MomSpace Plumbing Free Sink provides a convenient and hygienic solution for washing hands and pump supplies within your lactation pod. This self-contained unit eliminates the need for plumbing installation, making it ideal for any office space.

### Simple Maintenance:

#### Weekly:

- Refill the fresh water tank as needed. Connected smart device for notifications.
- Wipe down faucet, sink basin, and countertop with disinfectant.

#### Bi-Monthly (4 Months):

- Empty and clean the drain tank. Disinfect after washing.
- Wash or replace the fresh water tank. Ensure it's dry before refilling.

Pumping privacy made easy

## Smart Sink Technology: Never Miss a Refill or Empty

The MomSpace Plumbing Free Sink uses Wi-Fi to notify you when to refill the fresh water tank and empty the drain tank, ensuring hassle-free maintenance and a hygienic environment in your lactation pod..

### Features:

- **Fresh and Drain Water Tanks:**  
Two 5-gallon tanks provide a clean water supply and discreet disposal of wastewater.
- **Easy Refilling and Emptying:**  
Quick connect/disconnect hoses allow for effortless refilling of fresh water and mess-free emptying of drain water.
- **Odor Control:**  
The sealed drain tank ensures no unpleasant smells escape.

### Benefits:

- **Convenience:**  
Provides a dedicated hand washing and cleaning station within your lactation pod.
- **Hygiene:**  
Promotes a clean and sanitary environment for pumping mothers.
- **Discretion:**  
Sealed drain tank eliminates unwanted odors.
- **Easy to Maintain:**  
Simple refilling, emptying, and cleaning process.
- **Space-Saving Design:**  
Compact size fits perfectly within your MomSpace lactation pod.
- **Smart Technology:**  
Automated alerts for worry-free maintenance.

### SMART CONNECTIVITY

Wi-Fi enabled **SENSOR** that notifies you when it's time to replace the sink, ensuring optimal performance and hygiene.
