

PRODUCT SERIES

SPACEWORX® Family

Do you need acoustic privacy? Don't worry, we've got you covered! Spaceworx is an American manufacture of modular privacy phone booths, meeting pods and collaborative acoustical hives.

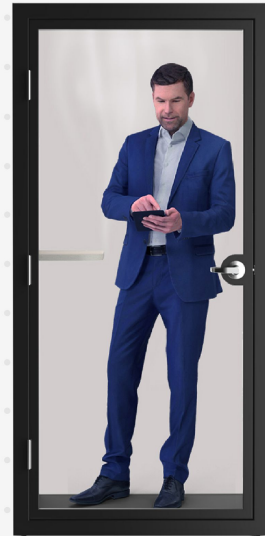

The Differentiator

Creating the hybrid workspace

KEEPING YOU COOL

QuietFlow™ Ventilation

Our proprietary airflow system is designed to keep you cool, by quietly circulating the air inside the booth, while maintaining acoustical privacy

SAFETY FIRST

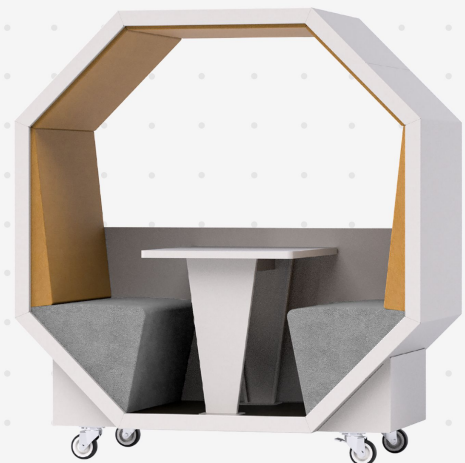

FireShield™ System

FireShield™ (Patent Pending) is a heat-activated fire suppression technology available in all our PODs, ensuring fire codes are met while maintaining modularity and flexibility to relocate units.

EMPOWER YOUR CREATIVITY

Design It Your Way

Create something special with our 3D product configurator, with over 200 possibilities of colors, choices and finishes.

Our Brand Promise

A better way to make your day, productive!

10 Year Warranty

Our powder coated steel structure gives you peace of mind with the industry's best warranty.

Hassle Free Delivery & Installation

We know you're busy. That's why we include white-glove installation, so you don't have to lift a finger.

Configure It Your Way

Create something special with our 3D product configurator with hundreds of potential color & design options to suit you.

Different By Design

Made in the USA with fast lead times and hundreds of design options. Quietflow™ ventilation is designed to keep you cool while optional FireShield™ heat-activated fire suppression technology ensures fire codes are met.

A better way to make your day, productive!

Acoustic

A key to productivity is reducing distracting office noise. Give you and your team a quiet outlet for productivity and reap the benefits.

Modular

Free standing and no permits required. Pre-engineered units can be modified and moved to any location to match the company growth.

Durable

Built to withstand the test of time. Constructed with high strength steel frames, impact resistant materials and cleanable interior

Sustainable

Based in the USA our products are designed and manufactured with sustainability in mind utilizing recycled content and materials.
